- 26+: 1,698
- Female: 1,207

Jed Tinney: “It’s good, I like it and like playing sport, basketball and football is what I like the best”

Jed’s dad, Richard Tinney, is from Truro and said about the Special Olympics programme: “It’s a great thing. Jed is a very sporty boy and it has given him a chance to compete, make new friends and become happier and more confident. He looks forward to every session”

“It’s really cool being part of a team where it doesn’t matter how good you are or who you are. We have a good laugh but it’s also strict training too” Adrian Harper

“I really like coming to the sessions, I come to Basketball and some of the Saturday ones too. It’s nice to play sport without worrying about what people think about me and without any pressure to be totally amazing at it” Charlotte Banfield
