What being SAFE means to us

Try your best
Especially players and coaches

Stay close to your friends
Play and have fun

If anyone from your club phones or texts you always tell your parents what they said.

If you are worried about something, there is no right or wrong time to tell someone - just do it!

If you feel unhappy, sad or frightened, tell someone you know and trust like a parent, teacher or coach. Otherwise you might not play as well or have as much fun.

Bullying can be something that happens just once or it is something that is repeated again and again and you don’t have to put up with it from anyone. Tell someone.

Believe in children
especially Sam, Ozzie, Alex, Ethan, Zak, Charlotte, Jemima and Megan
